

Durable Hose Nitrile Rubber Hose

Product Name: Petroline Hose
Model: 15Bar-2.5"-30m

Product Introduction:

Petroleum hose refers to the nitrile rubber hose used for delivering oil product. It has good oil resistance, anti-corrosion and uvioresistant performance.

Jacket Introduction:

The warp of the jacket is made by high strength polyester staple. And the weft must be high strength polyester filament with low elongation. The jacket should be evenly and firmly woven by circular loom and free from visible defects, thread knots, lumps and irregular twists.

Nitrile Rubber Durable Hose Introduction:

The outer and inner lining of Nitrile Rubber Durable Hose is good quality imported nitrile rubber, and the lining is produced by using the rubber extruding craft. So the lining has even luster, flat surface and the outer layer has reinforcing-rib with good wear-resistance. This kind of fire hose is suitable for the complex working conditions, commonly used in petroleum, chemical and other fire prevention fields.

Technical Requirements		
Size (Inch/mm)	Working Pressure (Bar/Psi)	Burst Pressure (Bar/Psi)
1-1/2"	38 8/125,10/150,14/200,17/250,21/300	24/375,30/450,42/600,51/750,63/900
